Improve your cardiovascular health while building that muscular endurance.

Barre Classic: A ballet inspired workout, combining cardio, stretch, and toning elements. Light weights are often used in the toning of the upper body, focusing on postural strength.

Barre Fusion: Our Barre Fusion class is a low impact, muscular endurance workout that focuses on high repetitions and small, isometric movements. Instructors bring the heat with their fun, upbeat playlists and are sure to have your muscles shaking and burning so you walk out of class feeling sleek, toned and accomplished.

Cardio Sculpt: This class combines the elements of cardio and strength by using heart pumping intervals of cardio followed by intervals of strength training to give you a full body workout.
